

Freshness sealed in

Developed for
challenging bale
conditions

Allows less
layers in the right
conditions

Increased
reliability

Convenient sleeve
packaging

BaletiteGO is a net replacement film with a high holding force developed for challenging baling conditions. This allows the operator to apply fewer layers, thereby saving time.

- Greater thickness > **less layers needed***
- High strength > **for challenging bale conditions**
- High holding force > **better shaped bales**
- Fully recyclable[^] > **saves time**

Technical Specifications - Baletite

Application	Width (mm)	Thickness (µm)	Length (m)	Reels Per Pallet (#)	Pallet Dimensions (cm)	Pallet Height (m)	UV Protected
Grass	1280	20	1650	20	112 x 130	+ 1.10	Yes
Grass	1380	20	1650	20	112 x 147	+ 1.10	No

Baletite is manufactured in ISO 9001, ISO 14001, ISO 45001 and ISO 50001 accredited manufacturing facilities.

In the unlikely event of a problem each reel of Baletite is individually labelled to ensure 100% traceability

*Compared to Baletite 16µm, 2000m film
